

# What others are saying...

Testimonies of how God is using Vision around the globe.

Hear these testimonies and more on our website at [www.vision.edu](http://www.vision.edu)!

By the mouth of two or more witnesses...

**Rev. Steven Mills**  
*Global 12 Project, West Africa*

"Vision has helped us to train church planters to penetrate the unreached people groups of this part of the world. In 2003, with the help of Vision, **482 trained men and women started new churches, penetrating 28 unreached people groups for the first time.** One of the greatest needs in Africa today is for trained national leadership, and I believe that Vision is one of the primary tools God is using to see this need fulfilled."

**Dr. C. Peter Wagner**  
*Apostolic Council for Educational Accountability (ACEA)*

"Vision is not only a charter member of ACEA, but it is highly regarded by all of the other educators as a forerunner in the whole area of apostolic education. I commend Dr. Stan DeKoven and his whole leadership team for their **living example of equipping the saints for the work of the ministry.**"

**Rev. Charles Simpson**  
*Charles Simpson Ministries*

"I have been privileged to teach for Vision International University and to work with Dr. Stan DeKoven. I have seen firsthand the classes and have heard several of the teachers as I sat in on their classes. One of the most impressive aspects of this school is its diversity of constituents, and the expanse of its outreach. In addition, I have been impressed with their ability to work through the Internet to reach people all over the world. Dr. DeKoven has been in the forefront of understanding that **we must bring education and training to the students, rather than just bringing the students to a school.** I am also impressed with the biblical convictions and approaches that VIU takes toward the student. I believe that they go beyond passing on information to produce formation in the lives of those who are taught. I wholeheartedly recommend VIU as both academic and accessible."

**Dr. Anthony Spero**  
*Faith Fellowship World Outreach Ministry*

"Vision has been a blessing to me personally to earn my doctoral degree and also it was a tremendous blessing to the ministries I oversee in the United States and Africa. We were able to start [a Vision program] in a church I used to pastor, and in Nigeria, Cameroon, and in Ghana. **It has helped people all over the world to gain better knowledge of the Word of God so they can fulfill the call of God on their life.**"

**Dr. Alan Langstaff**  
*Kairos Ministries, Australia*

"Vision opened up a door for my continuing education and I benefited greatly. **I strongly commend the program to other ministers and leaders who want to learn and grow;** it will help you to do just that, to better equip you for service to help you reach your goals in life."
