

# Start a **Self-Sustaining** School of Ministry that Generates **Real Revenue** for Your Church.

In times of economic uncertainty, many churches are eliminating programs and making budget cuts. By partnering with Vision International Education Network you can start a fully functioning School of Ministry that pays for itself and generates revenue for your church or ministry.

## Three Easy Steps to Training Men and Women for Ministry and Generating Revenue for Your Local Church

**1**

**Students Register for Classes Taught in Your Local Church, Taught by Your Instructors.**

Students pay tuition and purchase books you've purchased at a wholesale discount. You make money on books and tuition.

**2**

**You keep 60% of the Tuition Paid by Your Students.**

You keep the lion's share of the tuition. 40% is sent back to Vision International. We see your school of ministry as a real and viable partnership.

**3**

**Your Students Earn College Credit Toward a Degree in Christian Ministry.**

After each class is taught, your students earn credit toward a degree program with Vision International.

## Your Revenue Potential in 1 Year with 10 Students:

**10 students in 10 classes per year at \$195.00/student/course = \$19,500.00**

60% Tuition Remains With Your Local Church =  
**\$11,700.00**

**That's real revenue that stays with your local church or ministry.** Starting your Vision International Resource Center School of Ministry means a real and tangible return on investment.
