V. Matriculating for Accredited Awards

Students must submit evidence using the Vision International Education Network Online Evidence Submission System. **How to Submit Evidence for Your Coursework**

*An Easy to Follow, Step by Step Guide*

**Submitting Coursework Evidence (Undergraduate years 1-3)**

If you are enrolled in the first three years of undergraduate study (Certificate IV, Diploma, or Advanced Diploma), you are required to submit evidence of your studies via the **Vision International Education Network Online Evidence Submission System**. The system is an easy-to-use virtual drop-box where you will submit your completed assignments for assessors to review. Your coursework evidence must be submitted and assessed before you are officially issued credit for a course.

**What is Evidence?**

“Evidence” is simply your completed coursework. It is called evidence because it demonstrates that you have completed the requirements of a specific course and achieved a certain level, competency related to that course. Evidence is very important, as it is a testimony to your achievement in your studies.
Preparing Your Evidence
After completing the assignments (study guide and/or essay) and exams for a course, review them with your pastor or local leadership. Take time to discuss your completed assignments and ask for their input or suggestions before your evidence is submitted to the Vision International Education Network official assessors.

If you have questions regarding the format of your evidences, please contact us at support@vision.edu.

Assessment of Evidences
Official Vision International Education Network Assessors will determine if your evidence demonstrates your competency in each course/subject. If your evidence demonstrates competency in the subject and you have met all of the criteria required by the course/subject, you will be marked “Competent” for that course/subject; if your evidence does not demonstrate competency, you will be marked “Not Yet Competent,” whereby you will be asked to revise your evidence and submit it again. Our desire is for you to succeed, to be fully competent in Christian Ministry. As long as you are equally committed to success, you will not, and cannot fail.
