

GOD IS CALLING THEM. WE ARE TRAINING THEM. WILL YOU HELP FUND THEM?

There's a simple reason for our motto, "The Whole Word to the Whole World"... It's what we do every day.

A former Crown Financial associate recently told me that "*Vision International Education Network is one of the most effective ministries I have ever seen. Never have I seen a ministry with such far-reaching impact with such little administrative overhead*". But I have also been told that Vision International is a well kept secret that deserves to be properly funded. In order for us to continue our mission, we must increase funding.

Like most ministries at this time, we are stretched thin by financial challenges. But I want you to communicate just how critical increased support is for us to continue our mission. In last year's Annual Report, we reported that 72% of our expenditures go directly to instructional services. In other words, nearly three quarters of our entire budget is dedicated to directly fulfilling our mission: training and equipping leaders in more than 150 nations.

However, the time has come for me to make a tough decision as the person ultimately responsible for the ministry of Vision International. I must either find faithful partners who will commit to helping us increase our monthly ministry support, or make the decision to eliminate personnel and services from our ministry, which is already operating at near maximum efficiency.

Will you partner with me to ensure that Vision is able to continue to take the Whole Word to the Whole World? Our needs are listed in the column to the right. As never before, we need your help for the nations.

God is calling leaders across the globe. We are training them. Will you help fund them?

Faithfully yours,

Dr. Stan DeKoven, Founder
Vision International Education Network, Inc.

FACT #1: WE GIVE.

Every international student is provided subsidized tuition of 90% on average. This equates approximately \$8,100/student for a four-year bible college education.

FACT #2: WE LOSE.

Vision currently services nearly 40,000 students across the globe. Based on Fact #1, this represents \$324 million of scholarship tuition for all students over a four-year period.

FACT #3: WE SAVE.

Vision International currently operates in 150 nations on a budget of less than \$400,000 per year. Based on Facts #1 and #2, we are achieving our mission on revenues of about \$12 per student, or an average of just \$3.00 per student per year.

FACT #4: WE NEED.

Considering the first three Facts, Vision International must raise an additional \$250,000.

Will you partner with us to see that our mission continues uninhibited? We need:

- 10 churches to adopt Vision as a missions project at \$100/month.
- 10 able donors to make a one-time \$1,000 contribution.
- 100 individuals to give \$10/month.
- 200 individuals to give \$5/month.

WILL YOU BE OUR PARTNER?
