Why Vision?

OUR HEART, THE CITY: Where the future is...

The metropolitan areas of the country and world have developed structures and systems that require political, economic, and moral decision-making. These decisions have definite effects on the lives and future of all people. Vision gives future church leaders the opportunity to understand the dynamics of urban culture and to relate that understanding to a biblical theology with the guidance of the Holy Spirit.

The city provides the Church with one of its greatest opportunities for ministry, and Vision has come into existence to educate and train students and church leaders in the understanding of the urban church and urban pastoral skills.

THE MODEL FOR MINISTRY TRAINING:

In the New Testament, the best model for ministry training is seen in the church at Antioch, especially Acts 11:19-26, 13:1-4, 14:26-28, 15:30-35, and 19:1-7. Here we see a dynamic church, with Paul and Barnabas, other prophets, and teachers, raising up men and women for fruitful ministry. They did so under the authority of the elders, and were accountable to those who sent them out. This remains our model for education. Vision International University is more than an academic institution. It is an educational ministry with spirit and power, with a focus on the restoration and transformation of our lives, cities, and nations by the power of God.

Using a unique combination of short-term research and leadership seminars and/or texts and cassette tape presentations, the student can proceed towards a recognized or accredited degree of distinction, and receive professional certification.

Our History in Brief

OUR HISTORY & MISSION

In 1974, Vision began both in Tasmania, Australia and San Diego, California. Dr. Ken Chant, founder of Vision Bible College, began in Launceston, Tasmania. Simultaneously, Dr. Joseph Bohac and Dr. Stan DeKoven began Logos Institute, a local church training program in practical ministry and counseling. By 1977, Dr. Chant moved his school to Sydney, Australia, joining Pastor Allan Langstaff, where the Vision Bible College program grew. Logos Institute continued as a counseling ministry and training center, while Dr. DeKoven pursued studies in psychology and theology.

PURPOSE AND PROGRAMS OF VISION

Vision International University was founded for education and training on both a local and international basis. From the beginning of the New Testament era, the Lord has used the local church and its pastoral leadership to teach and train its people for God's service. Vision is an instrument to be used by and for the local church to fulfill its calling. The University administrative offices are located in Ramona (San Diego), California. **THE MISSION**
The mission of Vision International University is to effectively educate and train, by means of distance education, men and women called to Christian service.
