Statement of Purpose

International Training and Education Network and Vision International Ministerial Fellowship has been founded to provide a covering for edification, counsel and spiritual strength as well as being a source of brotherhood and true fellowship for God's ministers.

Our aim is not to be merely a clearing house or licensing agency for ministers outside of established denominations or simply provide a seal of approval in the form of ministerial credentials for tax purposes, etc. Nor are we an alternative for those whose conduct or principles have caused them to be separated from a previous fellowship.

Our aim is to a fellowship that will unify God's servants in love, spiritual strength through a ministry of encouragement and comfort through trials and tribulations as well as acceptance and restoration in times of failure.

Vision International Ministerial Fellowship is not intended to be judicial in nature nor legislative when it comes to the internal affairs of the member ministries. However, we do believe in accountability that operates in an atmosphere of trust and confidence between our members.

We will constantly strive for higher quality and excellence in the services provided and to maintain integrity and Godliness in all that God has prescribed for us as a ministry.

This fellowship includes ministers from different traditions, backgrounds and disciplines. Our common goal is to save the lost that they may have eternal life with Jesus Christ and be edified in Him. It is our goal to find the purposes of God for the 21st century, to labor together to see the fulfillment of the Kingdom of God

Vision International Ministerial Fellowship is an Apostolic Network.

What We Believe

We believe in the autonomy of the Local Church and in the development of the Church of the Locality with the help, direction, truth, instruction, guidance, and counsel of the Five Fold Gift Ministries and Church Leadership.

We firmly believe that the Local church should be built on a sound understanding and revelation of God's Word.

We believe in the necessity of watching over and protecting one another from harm, error and deception through mutual commitment and accountability.

We believe that we should live and lead in accordance with the principles of God's word.

We believe in quality input and relevant equipping to help make other ministries more effective.

We believe in opportunities to work closely with friends in extending Christ's Kingdom.

We believe in identifying with others who share a common faith and vision.

We believe in a fellowship of ministers dedicated to nurturing relationships and strengthening bonds of love between each other and not to control or usurp Local Church Autonomy.

We believe that as ministers we should uphold the highest moral and ethical values taught in the Bible in order to be effective around the world for Jesus Christ through a strong apostolic network.

We are available to sincerely share our personal and ministerial lives in order to strengthen and edify relationships among member ministries.

We provide a balance for one another, the impartation of new spiritual truth and strengthening of existing truths that are a blessing to the member ministries.

We are providing enrichment, teaching, counsel, and fellowship with fellow member ministries around the world.
